

# Midwest Summer Classic is a big success

Sept 2-3, 2017

On Saturday, the **Midwest Class Racer/Heartland S/SS** Combo was to say the least was awesome. 118 cars staged up for the first round, and without the rain delays the majority of the eliminations were split at 11 cars. The MCR/Heartland racers decided to run it off Sunday morning. Randy Mans bested Mike Lund in a close final. Curt Hieb and Scott Pearson were semi-finalists. Jeremy Demers showed us why he is #5 from last season by running dead on 8.90 to best Ricky Hill in the Midwest S/C class final. Ray Thompson and Don Liesdon were semi-finalists. In the **Dr. Potach S/G** class final it was Robert Rowan winning over Martin Brees Rowans big speed chased Brees under his dial. Dale Evens and Rick Bowman were semi-finalists. Garrett Chitty won the Valley View Farms S/ST class by besting Mark Werner who ran way under. Scott Larue and Jeff Landholm were semi-finalists. Other classes that completed were the **Toys Done Right** Junior Dragsters. Aiva Moore bested a red-lighting Levi Mulholland. Brock Azbill was the lone semi-finalist. Evan Begyn won the **Novak Electric** Junior Consi over Max Kohl. Brady Wolf was the lone semi-finalist. Evan Begyn then won the Novak's King of the Track in the run-off. Mother Nature tried to ruin a good day but failed. We couldn't get it all completed but the crew tried and should be commended.

After a morning of time trials and qualifying eliminations, racing on Sunday went smoothly. 115 S/SS cars staged up for the biggest payout in TRS and **MCR/Heartland** history. Ricky Hill was the lone semi-finalist. Rick Bowman ran dead-on for the win over Dale Evens in the **Dr. Potach S/G** final. Jeremy Siffring and John Gosh were semi-finalists. Matt Kohl was the winner of the **Valley View Farms S/ST** class at the expense of Jeff Landholm. Both drivers ran 10.91 in a close round of racing. Davis Jr. bested Stacey Wiese in a close final round. Austin Sharpe and Ray Thompson were semi-finalists. Brendon Bungert bested Rob Miller in the **Maxwell Transmission** Pro class final.
